

Mr. A. N. Albee.

Popular liveryman of Grand Rapids loses another valuable horse. Mr. Albee reports to The Evening Press that this morning he was handed a check by C. E. Loose, general agent for Stockmen's Indemnity company of Jackson, as settlement in full for the loss of second horse within one month's time.

Mr. Albee further says he carries insurance on his entire stock of forty horses against death from any cause, even accidents such as a broken leg, and that he considers protection given by this company to be of absolute importance to every owner of a horse or cow, as the premium is only 3 cents on a dollar per year.
