DISTRICT COURT NEWS

Jury Cases Nearly Completed in May Term—Many Cases Yet to Come.

The Anna Mesloh vs. LaFayette Insurance Co., case, tried last week resulted in a verdict for the plaintiff. The case involved a life insurance policy made out to Herman Mesloh, who died in the military service. His mother, the plaintiff, Anna Mesloh, sued the company for recovery on the face of the policy for \$3,000. The court instructed the jury to return a verdict of \$2,999.00, less the amount due in payment of the first premium. The insurance company will likely appeal the case to the Supreme court.

A case of interest to Republic county was passed upon by the Supreme court last week. The case referred to was that of Louise Helm vs. Walker B. Hines, taken from the district court here over a year ago. The Supreme court denied the motion to dismiss and for a rehearing. The jury in the court here rendered a verdict of a judgment for plaintiff.

The case, in short, was brought by Mrs. Helm, the mother, for recovery for the death of her son, a member of a traveling carnival troupe, at Cuba, where he was accidentally killed by falling under the wheels of a Rock Island passenger train, dying a short time after. The case may be appealed to the United States Supreme court.

The recovery of money case of J. L. Cavin vs. E. T. Johnson and W. S. Ball was decided in favor of the defendants. Mr. Cavin was negotiating for an insurance policy on his household goods in the company for which Johnson and Ball were agents. Cavin was acting as agent for the Concordia Creamery Co., living at the rear in the old Chapin building which with several others was destroyed by fire a year ago last August. His household goods were destroyed in the fire. Cavin claimed that the company were liable for the loss and the suit was brought more than a year ago for recovery on the alleged policy. Mr. Cavin had negotiated the policy, he had not definitely closed the negotiation at the time of the fire and hence the company the court held could not be held for the loss. The case will be appealed to the supreme court.

Monday's court session began at 10 o'clock and was consumed in hearing and passing on motions, in readiness for the regular jury cases which were taken up Tuesday afternoon. The first one being the Edwards case, one which attracted much attention from the Narka community. It resulted in Mr. Edwards pleading guilty after a portion of the jury had been empaneled. Edwards was arrested sometime ago charged with incest. He was sentenced from 1 to 7 years in the state penitentiary.

The case of the State of Kansas vs. Melvin K. Patrick, charged with wife and child desertion, began at 1:30 p. m. this (Wednesday) afternoon and a jury will likely be empaneled and the case proceed to trial immediately, unless some unforeseen action is taken otherwise.

The case of the State vs. Bolin and Harvey 18, was disposed of Tuesday, the young men, charged with stealing a watch, coat and other articles to the value of \$10, pleading guilty to petty larceny. The original charge of burglary being withdrawn. The theft was made sometime ago from Mr. Bleck's home between Narka and Munden, and they have been in the county jail since pending trial. The men were sentenced to 12 months in the county jail and to pay the costs of the action.

Bellevilles First Game

The first baseball game of the season for the Belleville boys will be played Thursday afternoon at the fair grounds between Chester and Belleville. Chester comes with a good team and Belleville has a mighty good bunch which makes the game a promising one.

Manager Rhodes has had the boys working out regularly and they are fastly rounding into shape. A strong feature of the local bunch ought to be its hitting. With the two Scotts pitching and an excellent infield as well and good fielders Belleville ought to show up well.

This game Thursday is the first game of the season and the team asks the support of the citizens that the team may live. New suits and outfit has arrived and the grounds have been worked into good condition. The business houses are asked to close for the game.

Courtland comes here to play Belleville Sunday, and the local boys go to Delphos the 29th of this month. Come out and boost for the local boys, they will appreciate it.

Shall Belleville Clean-Up?

Shall Belleville have a clean-up day? This is a question that we as a town should be asking ourselves. Many towns throughout the State are having their annual clean-ups and Belleville should not be neglectful in this important matter. There are many unsightly ash heaps and trash piles that, if removed, would greatly improve the looks of our city. Shall Belleville have a clean-up day? Sure thing, let everybody get busy at once and clean up their premises and thus help the looks and prevent disease in Belleville.

Tourist Camping Ground Needed

One of the apparent needs of Belleville is a tourist camping ground for the convenience and comfort of the thousands of tourists that pass thru our city each year. Other towns are meeting the needs along this line and it is about time for Belleville to do the same. At an entrance to our city park is an arch bearing the word "Welcome," and at the other a sign: "Keep out." It would look better, and give the stranger in our midst, a better impression of our town, if one or the other of these signs were taken down, and an appropriate tourist camp with all the necessary requisites made here or elsewhere near the city, as a real resting place for the weary wayfarer, a beauty spot, that will properly place Belleville on the map in this respect, so that these travelers may know to a certainty that they are really and truly welcomed with a genuine cordiality from the beginning to the end of their visit in our city.
